Dear Valued BBG Customer,

We would like to first thank you for the continued opportunities that you have given BBG in 2018. We truly value you as our customer and have worked very hard to support your bare printed circuit board requirements.

At this time, we would like to take this opportunity to inform you that bare printed circuit boards are not impacted by the new or proposed tariffs at this time.

Tariffs effective 7/6 -

Proposed next round of tariffs

HTS codes for bare rigid boards are 8534.00.0040 and 8534.00.0020, bare flex board 8534.00.0080. These numbers are not on either list. If anything changes, BBG will send out a notification to customers.

We will continue to monitor the current landscape and keep you informed of any major developments. Please do not hesitate to contact us with any questions.

Thank you for your business.
